Objective

Versatile Fullstack JavaScript Developer with 4 years of experience in creating innovative web and digital health solutions. With a foundation in pharmacy and healthcare technology, I am skilled in developing, optimizing, and deploying web platforms to enhance user engagement and improve operational efficiency. I aim to contribute to dynamic tech-driven teams by leveraging my expertise in MERN stack, TypeScript, and AI technology.

Education

- **University of Nigeria Nsukka**
  B. Pharm (Bachelor of Pharmacy), *2024*

Certifications

- **Scholar, TechCrush** – October 2024

Professional Experience

- **Head, Tech Pharmapool Synergy Solutions Nigeria Limited**
  (January 2024 – Present)
  - Spearheaded the development of Pharmapool's digital platform using the MERN stack, optimizing digital engagement and operational transparency for pharmaceutical supply solutions.
- **Lead Developer, AfriVacx**
  (December 2024 – Present)
  - Built and maintained AfriVacx's website (afrivacx.org) to enhance access to vaccine information and vaccination campaigns across Africa.
- **Head, Tech Etiquette Pharmaceuticals**
  (January 2023 – Present)
  - Led the creation of Etiquette Pharmaceuticals' website using the MERN stack, improving the company's online visibility and service accessibility.

- **Researcher, G-Techno Nigeria Limited**
  (October 2023 – December 2023)
    - Collaborated with researchers to develop Deulcerlin natural tablets, conducting tablet formulation and biochemical assays. Integrated technical and analytical expertise in healthcare research.

Technical Skills

- **Web Development:** JavaScript, TypeScript, MERN Stack (MongoDB, Express, React, Node.js)
- **Programming & Scripting:** Python, AI technology
- **Project Management & Document Processing:** MS Office, LaTeX
- **Pharmaceutical Skills:** Clinical Pharmacy, Pharmaceutical Research
- **Version Control & Collaboration:** Git, GitHub, Bitbucket

Selected Projects

- **Pharmapool Website Development**
  Designed and launched Pharmapool's web platform, improving digital accessibility to pharmaceutical services and information through an intuitive and responsive interface.
- **AfriVacx Digital Platform**
  Developed a comprehensive web portal for AfriVacx, streamlining public access to vaccine information and community engagement resources.
- **Etiquette Pharmaceuticals Web Solution**
  Created an online portal for Etiquette Pharmaceuticals to enhance client engagement and digital brand presence.

Additional Involvements

- **Outreach & Vaccine Advocacy, AfriVacx**
  Engaged in outreach programs on vaccine awareness, collaborating with other organizations and pharmacies to promote health literacy.
- **Member, Asthma Awareness and Care Group (AACG)** *(April 2024 – Present)*
  Participated in community outreach for asthma care awareness.
